Mr. Mauray was the only son of Walker W. and Mary Mauray, of Wafren county, both of whom were well known and highly respected. The writer has been not only well but intimately acquainted with the deceased from his early boyhood, and from personal knowledge can bear testimony to bis great worth.

Left when quilt a boy, by the death of his father, to the sole care of his mother, it would most naturally be expected that, having every wish gratified, he, like most youths, would be injuciously affected by such indulgence. But he acquired none of those habits of dissipation and recklessness too often contracted by those born in affluence, and reared by the hand of doting affection. Very early in life he gave his beart to Him who invites the weary and heavy laden, and his hand to the Cumberland Presbyterian Church, in which communion he lived a consistent and worthy member till his deaty. Self sacrificing and generous almost to a fault, the rice project his liberality, the poor shared his bounty.

His fidelity to his mother during her long illness of almost three years, finally terminating in her death, has often been the subject of remark. Though well provided in every respect, neither the allurements of pleasure nor the calls of business could induce him to leave at night his tender charge. At the close of last year he wound up his business in Warren county, by selling his farm and other property, retaining his servants, some forty in number, who could not be induced to leave him. At the commencement of the present year, he removed to Louisville, after which his history is soon written. A few brief, brief days and all la over—Wille is no more.

From his first illness he spoke as if it would be his last, expressing a readiness for the solemn change. Though delirious most of the time for several days, he calmly and quietly passed away.

New York, March 28.

The Herald's Ninth corps special, describing the attack on Fort Steadman, concludes thus:

Another line was formed, and charged against batteries 8 and 9. The enemy got within 100 vards of battery 9 and 1,000 yards of battery 8. During the attack a telling fire was poured in from Fort McGilveny, and rested on another warrant.

The river has fallen 3 feet 4 inches. It has been raining since daylight. Thermometer conforcements were now brought up from enforcements were now brought up from General Hartsuff's command. The Third di vision of the Ninth corps having been formed for action, General Hartsuff received orders to move on the recapture of the lost ground. As he did so, a terrific fire was opened on Fort Steadman and battery 10 from our reserve works, and from batteries 8 and 9 and Fort McGilveny. A charge by infantry was admirably executed, and the firing from the batteries was remarkably precise. The rebels couldn't remain under the heavy fire from our guns, and when, at lest, they commenced to fall back, the infantry flanked the fort and cut off a large body of rebel troops, who, includ-ing many officers, fell into our hands.

Grant, Admiral Porter and other distinguished gentlemen, reviewed the Twenty-fourth and Twenty-fifth corps.

The Herald's Washington special says President Lincoln did not return from the army, as was expected. It is uncertain now when he will be here. There is a report in circulation here to-night that he is detained by proposiions for a renewal of peace negotiations While there is nothing to confirm the report, it is not improbable that he may, before his return, arrange with General Grant, for the

March 6, 1865. To the Citizens of Louisville. The committee appointed by the General Council to attend to the disbursement of the bounty fund beg leave to call the attention of the bounty fund beg leave to call the attention of the citizens to the following facts:

The fund, \$200,000,appropriated by the city, is only sufficient to pay bounty to 6662 3 men.

The amount to this date contributed by the \$25 subscribers to the bounty fund is \$39,200, which will only pay bounties to 140 men. Thus, the two funds combined will pay for but 797 men.
There have been already enlisted to the credit of the city 442 men, and there are now 450 men more who offer to enlist. When they shall be splisted, it will make the number credited to the city 442 men, and there are now 450 men. Louisville 892 men, which is 95 men more tean the wo funds (as at present) combined will pay. Besides, even it this number of 892 men should be paid, there would still be a deficiency o. 366 men; and unless this defi ciency is made up the draft will be ordered. In addition to the 450 men, now about to be en-listed, others can be procured; they are daily offering and there will be no difficulty in pro

curing enough and more than enough men to fill the city's quota and avoid the draft.

Let the citizens, therefore, come forward at once and subscribe to the fund, so that we may not have to turn away the volunteers for want of funds to pay the bounty. This we must do, unless the citizens promptly come forward to-morrow; for, as before observed, we have already more men engaged than the fund will now pay. Let every citizen take an interest in the matter, and not be satisfied interest in the matter, and not be satisfied alone with subscribing, but let him urge others to come forward and subscribe, and not cease his work till enough money is raised
